*** HEALTH PROGRAM FOR PUPPIES***

After extensive research with different types of vitamins we have decided the Pets & Vets Organic Health Supplement is the best supplement choice for all our puppies and adult dogs. With the daily use of Pets & Vets and yearly vet visits for proper vaccinations, your puppy will live a much healthier and longer life. We are so serious about this supplement regimen that we have now added it to all our health guarantees. Pets & Vets must be ordered prior to your puppy being shipped home.

Wheat Germ Oil (Found At Animal Feed Store or Internet) is also added to our puppies and adult dogs diet. This helps give your puppy a healthy and shiny coat and prevents dander problems with extra vitamins.

Your puppy has been eating a good quality dog food "By Nature". We require that all Loveable Puppies be kept on By Nature, Pets & Vets Organic Health Supplement, and Wheat Germ Oil. This nutritional supplement is only available through breeder recommendation. You are expected to have this on hand before your puppy gets home. You are also required to purchase heart guard as well to keep your pet protected. **To order your Pets & Vets go to www.petvethealth.com.** Pets & Vets sends us a monthly report on which puppies from Loveable Puppies are being supplemented with Pets & Vets Organic Health Supplement.

NOTE: ALL health guarantees will be considered null and void if you do not keep your pet on this supplement, By Nature, and Wheat Germ Oil for the entire 5 yrs. No exceptions will be made. All orders must be made on the Auto ship plan. This is to ensure that your orders are being placed. We work very closely with Pets & Vets and receive a monthly report of who has kept up on the supplement plan. This is to ensure that our puppies are receiving every advantage possible to ensure a healthy life.
